

DATA SHEET

SERENO VIDEO CONFERENCING CAMERA

NMX-VCC-1000 (FG2311-10)

Sereno is a video conferencing camera designed to support conferencing applications in huddle spaces and smaller meeting rooms. Sereno provides HD quality video with outstanding voice capture to deliver exceptional conferences.

COMMON APPLICATIONS

Use Sereno in huddle rooms for video conferencing in combination with Enzo and/or in conference rooms and boardrooms where microphone disconnect and mechanical video shutoff is critical for privacy when camera is not in use.

FEATURES

- **1080p HD Video** – Excellent video image quality
- **120° Field-of-View** – See all meeting participants even in smaller rooms
- **Beamforming Microphones Focus on Voice Capture** – Filters out unwanted noise, making it easier for participants in a web conference to hear the person speaking
- **Mechanical Shutter Blocks Video and Microphones** – Provides security and confidentiality for business and government applications
- **Flexible Mounting Options** – Swivel base makes Sereno easy to install and adjust; wall mount kit available as an accessory
- **Compatible with Enzo** – Designed to work with AMX's Enzo content sharing platform (Sereno compatibility requires Enzo firmware upgrade to be made available in early 2015)
